Published by the University of Nebraska Press

Great Plains Research publishes original research and scholarly reviews of important advances in the natural and social sciences with relevance to and special emphases on environmental, economic and social issues in the Great Plains. It includes reviews of books and reports on symposia and conferences that included sessions on topics pertaining to the Great Plains. The overall goals are to develop GPR as a centralized outlet for science of regional importance, to communicate important scientific findings to as wide an educated audience as possible, and to help keep scientists, interested citizens, and leaders of this region up to date on scientific progress relevant to the Great Plains.

Great Plains Research is published for the Center for Great Plains Studies at the University of Nebraska.
